

CONSTRUCTION L1

School Link PAVE Construction

When Delivered: One afternoon per week over two years
Qualification title: Level 1 Certificate in Basic Construction Skills
Awarding Body: City & Guilds

Introduction to the subject

This is a Level 1 course where students will develop skills in a wider range of areas within construction. The students will spend their time in the construction workshops at Bersham Road. The Level 1 Certificate in Basic Construction Skills is designed to provide basic training in construction skills for those seeking employment in the construction industry, and to provide basic skills for those who may follow other careers. It is suitable for learners who have no previous experience or knowledge of the construction craft skills. The qualification is aimed at providing an introduction to the skills and it specifically provides an understanding of particular craft tasks, not occupational competence in the craft.
