CAN YOU OFFER

WORK

EXPERIENCE?

A work experience placement is a short, unpaid opportunity to experience the “real world of work”. It takes place during the academic year and within an organisation that Cambria’s work experience team has engaged with.

Work experience placements should be substantial and meaningful, providing a real workplace experience. They are an opportunity for the young person to engage in purposeful work related activities rather than just an observational role.

BENEFITS

- You can ‘test before you invest’ if you are in the position to recruit a new apprentice or employee.
- You can get ahead of the competition by bringing enthusiastic young people with their fresh ideas into your business before they get on to the job ladder.
- Working with trainees will give established staff members the chance to develop their skills in mentoring and coaching young people.

If you can offer a placement contact us on | workexperience@cambria.ac.uk | 0300 30 30 006

Cambria works with a wide range of employers to support apprenticeships from Level 2 - Level 6 in over 400 different pathways, for a wide variety of sectors.

There are five levels of apprenticeships which take between 1-4 years to complete individually (more if progressing through the levels). You will gain industry approved qualifications, extensive work experience and qualifications within literacy, numeracy and digital literacy (for specific courses).

How do I Apply?

If you find a job, you can simply speak to your employer about becoming an Apprentice. If your employer agrees, please contact the Employer Engagement team at Cambria for Business to discuss the process and find out the most fitting apprenticeship and level.

If you don't already have a job visit our apprenticeship vacancies page to see which employers are currently taking on apprentices:
